Professional Summary

Engineering professional pivoting into **Product Management**, translating client requirements into delivery roadmaps and product configurations across automation and hardware systems. Cut handover cycle time by **20%** and delivered **zero-defect** safety-system commissioning across **three international deployments**. Built two ventures end-to-end — scaling a D2C coffee brand to **50 cups/day** and launching a drop shipping storefront to **1,000+users**.

Education

MASTERS' UNION

PGP in Technology & Business Management

2026-Present
Gurugram

REVA UNIVERSITY

B.E. Electrical & Electronics Engineering

2023-2025
Bengaluru

ST. JOSEPH'S COMPOSITE PU COLLEGE (SSLC)

Class XII

2019-2021
Bengaluru

BETHANY HIGH SCHOOL — (ICSE)

Class X

2019
Bengaluru

Experience

YOKOGAWA INDIA LIMITED

Graduate Engineer Trainee, Process Safety & Automation Engineering Bengaluru.

- Cut project handover cycle time by **20%** by redesigning workflows across engineering, procurement and QA for **two** concurrent projects.
- Defined delivery roadmaps from client requirements, enabling on-time delivery across **2** refinery projects with zero scope-related rework.
- Presented weekly decision-ready dashboards to senior leadership, driving prioritization calls that kept **3** concurrent projects on schedule.
- Delivered **zero-defect** safety-system commissioning across **two international** deployments, ensuring full compliance with client safety-integrity standards. **YOKOGAWA INDIA LIMITED**

Engineering Intern, Process Safety & Automation Bengaluru.

- Configured automation logic (**PROSAFE, CENTUM VP**) from client requirements, achieving first-pass **FAT** approval with zero rework.
- Captured customer pain points across **10+** discovery calls, informing configuration decisions for **100+** graphics and cutting post-deployment change requests **BHARAT ELECTRONICS LIMITED**

Jun'23-Jul'23
Bengaluru

BHARAT ELECTRONICS LIMITED

- **Summer Intern, Electrical & Communication Systems** Audited single-line electrical diagrams for substations, applying grid distribution QA standards under senior engineer supervision.

Projects

MASTERS' UNION-Drop shipping Challenge, Co-founder and Team Lead

- Secured a **20%** margin improvement by negotiating pricing with **10+** vendors while building a **30+** SKU catalogue.
- Launched the storefront to **1,000+ users** within **3 months** by owning UX, listings and payment integration end-to-end.
- Lifted traffic and conversion by optimizing Meta Ads creatives and targeting. **MASTERS' UNION — Founded a D2C Brand**

Jul'26
Gurugram

MASTERS' UNION — FOUNDED A D2C BRAND

- Built and scaled a personalized coffee venture from 0 to 50 cups/day, managing sourcing, pricing and customer-specific recipes to drive repeat demand.

Jan'25-May'25
Bengaluru

WEARABLE BIO-TRACKER FOR ATHLETES- Team Lead

- Led a **4-member** team building a wearable device tracking heart rate, SpO2 and fatigue.
- Translated user research with **15 athletes** into feature priorities, reshaping the roadmap to prioritize arrhythmia detection.

Aug'24-Dec'24
Bengaluru

THERAPEUTIC EXERCISE EXOSKELETON -Team Lead

- Directed a **5-member** team translating physiotherapist interviews into clinical specs, delivering a clinical-advisor validated exoskeleton prototype for post-stroke gait rehabilitation.

Feb'24
Bengaluru

TESLA TURBINE PROTOTYPE-Individual Contributor

- Built a working Tesla turbine prototype, validating fluid dynamics calculations within **95%** of predicted performance.

Achievements

- Converted GET offer to full-time role after a **6-month** evaluation, on the strength of a **20%** handover cycle-time reduction and **zero-defect** commissioning across **2** refinery deployments.
- Selected for Masters' Union **PGP-TBM YLC** 2-Year Cohort C7 among thousands of applicants.

Volunteering & Leadership

REVA UNIVERSITY - Class Representative and Department Club Organizer

- Coordinated events and resolved student escalations as class representative and organizer.

2023-2025
Bengaluru

REVA MODEL UNITED NATIONS-Delegate

- Debated policy positions across two committee sessions as Model UN delegate.

2024
Bengaluru

Certifications

- PROSAFE Safety System Configuration (Yokogawa)
- CENTUM VP DCS Engineering (Yokogawa)
- Field Instruments, Fieldbus and Plant Resource Manager (Yokogawa)
- C++ Programming Fundamentals (Udemy, Mar'23)

Social Impact

Coordinated a Rotaract volunteer drive to clean Bannerghatta National Park, removing plastic litter and revitalizing perimeter walls through community-led painting initiatives

Skills

Product: Product Discovery | Stakeholder Management | Requirement Gathering | User Journey Mapping | Roadmap.

Tools: SQL | Excel | Figma | Arduino | Fusion 360 | DCS/SCADA | HMI/UX
